Teel-Boorders, Julie
Board Member

The Texas Association for Literacy Education (TALE) is our State's chapter affiliate of the International Literacy Association (ILA). As an organization, we are devoted to empowering Texas educators by providing updated information and sharing educational resources. With the recent revisions to the ELAR TEKS, we see a new opportunity to support Texas educators and to strengthen the bond among educational organizations and agencies.

The new ELAR TEKS is an exciting new chapter for Texas educators, students, and agencies. TALE is committed to assisting all organizations and agencies with sharing newly developed resources. As you develop resources for the new ELAR TEKS, we invite you to send them to TALE.empowerment@gmail.com. We will forward your resources to our members and place them on our website (www.texasreaders.org/).

We believe our shared efforts will assist Texas educators as they transition to the new standards.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephanie Grote-Garcia".

Dr. Stephanie Grote-Garcia
Director of Teacher Empowerment
Texas Association for Literacy Education
